# THE Provençal Fireplace

The elegant frieze of the Provençal design is beautifully detailed with a center cartouche, ornate floral carvings, and birds. Large rosettes and rope trim complete the mantel top.

This versatile design will accommodate a fireplace up to 52" x 33" with the frieze panel or 52" x 49" without the frieze. Smaller fireboxes can be trimmed with matching veneer panels, or decorative tile as shown in the photo on the reverse.

**On the reverse:** the pictured mantel and hearth were cast in Traditional Buff with a hand-antiqued Etched Limestone Finish.
