

THE TUSCANY FIREPLACE

THE Tuscany Fireplace

The Tuscany Fireplace Mantel features a beautifully detailed face with carved flourishes and floral accents. Ornate corbels grace the side columns. One of our most popular classic designs.

On the reverse: the pictured mantel and hearth were cast in Traditional Buff color with a Travertine finish. Optional raised hearth adds 12" to the overall height.

Insert: (Not included) Shown with the 864TRV insert with Bronze Patina Ironworks Double Doors model #95800739. Available from Travis Industries at www.fireplace.com.

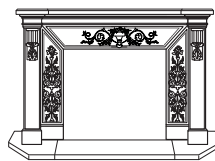

Please inquire about custom sizes, colors and finishes.
Sample boards of stone color and finishes available.
Visit cornerstoneproductsllc.com for details.
