

# THE NORMANDY FIREPLACE

# THE Normandy Fireplace

The Normandy is an impressive and elegant fireplace mantel. It is perfect for your great room and can be custom configured with an overmantel to accommodate any ceiling height. Versatile and adaptable, it is available in a wide range of colors and finishes.

**On the reverse:** the pictured fireplace mantels were cast in Traditional Buff color with an Etched Limestone finish. **Bottom right photo:** pictured with a 15.5' overmantel. **Bottom left:** height and width were reduced and mantel base was removed to accommodate a lower ceiling height in a bedroom.

**Insert: (Not included)** top and bottom right photo shown with the elegant TC54 Gas Fireplace insert from Town and Country Luxury Fireplaces. Bottom left photo shown with the TC42. **Visit [townandcountryfireplaces.net](http://townandcountryfireplaces.net) for more information.**

## You've never seen cast stone like this.

Our mantels are unmatched in the marketplace and are renowned for their authenticity, exquisite details and creativity.

Cornerstone Architectural Products manufactures its products using natural crushed marble and granite aggregates to create a superior product that is unrivaled in its consistent quality and ease of installation.

**Please inquire about custom sizes, colors and finishes.**
